

A SUPERIOR ENERGY SERVICES COMPANY

The Career Training Center (CTC) offers training to all industries and companies seeking excellent safety training and consulting. As a Superior Energy Services Company, the CTC offers its students the same instruction that has helped Superior achieve an industry leading safety record.

The CTC's priority is to provide its customers with the best trained, most knowledgeable, and safest working personnel. Therefore CTC keeps up with new trends and technologies and continuously expands its technical training programs and training centers.

CTC also partners and maintains relationships with vendors and training providers to facilitate training on a wide variety of topics.

Our experienced, committed, and passionate instructors hold safety as a core value. We work with individuals, companies and the industry to promote and improve safety as a core value for all.

CTC is a state approved Primary Training Provider for the Incumbent Worker Training Program (IWTP) grants, with grants management including LA IWTP Advisor experience and private training provider grant writing and management experience.

CTC delivers training based on OSHA standards, the American Petroleum Institute, PEC, Safegulf, National Safety Council, ANSI, Medic First Aid, and standards based on industry demand.
