

MARINE SERVICES DIVISION

Superior Experience, Support and Innovation

SUPERIOR AT-A-GLANCE

Superior Energy Services is a leading provider of specialized oilfield services and equipment focusing on serving the production-related and drilling-related needs of oil and gas companies around the world, including marine services, well intervention and rental tools. A publicly traded company on the New York Stock Exchange, Superior has been consistently recognized by both *Forbes* and *Fortune* magazines as a player in the global energy industry.

Total Marine Solutions

Overview

Superior's Marine Services Division owns and operates a diverse fleet of liftboats capable of working in the Gulf of Mexico and waters around the globe. Its liftboats are SOLAS, ABS and ISM certified and are specially outfitted to deliver production-related bundled services in support of customers' construction, maintenance and production enhancement projects.

The Division also offers state-of-the-art derrick barges with 880 metric ton cranes and accommodations for up to 300 persons. The *Superior Performance*, with its moon pool, also supports subsea operations along with its heavy-lift capabilities. Whether it's heavy lifting or subsea well intervention, Superior's Marine Services Division has the right solutions for customers' needs.

QHSE & Training

The Superior Energy Services approach to safety and the environment can be summed up in three powerful statements:

- No one gets hurt
- No environmental damage is acceptable
- Nothing is more valuable than our employees' health and safety

Our customers count on our safe work performance. We demand it of ourselves, and we work tirelessly to ensure that our people have the training and tools they need to make sure every day is a safe day.

Each Marine Services Division employee receives extensive safety training that exceeds industry standards. The Marine Services Division is the only liftboat owner/operator approved by the United States Coast Guard to conduct assessment training to advance their crewmembers from the ordinary seaman's position to liftboat captain. In addition, the Division is dedicated to operating the best-maintained fleet of vessels in the industry and adheres to a strict quality program that embodies this dedication to quality.
