

Superior Energy Services:

Superior Wireline Services

Superior has become the industry leader in wireline services, combining skilled professionals and a vast resource of equipment to form a wireline service team beyond compare.

Superior has accumulated a wealth of knowledge and experience that is unmatched in the industry – providing wireline solutions that work efficiently and safely.

For more than 40 years, the division has set the standard for quality, reliability and technical know-how. Their team of professionals is dedicated to providing long-term solutions to enhance your well's production.

With one of the largest and best-maintained inventories in the United States, Superior offers a wide range of slick and braided line applications available to you 24 hours a day, 7 days a week, whether offshore or inland:

- Bottomhole pressure/temperature surveys
- Specialized fishing operations
- Sand bailing
- Dump bailing
- Paraffin cutting
- Swabbing
- Locating and packing off holes and leaks
- Chipping deposits
- Setting and pulling of safety devices
- Gas lift services
- Perforating
- Shifting sliding sleeves
- Corrosive environment equipment
- Heavy fishing equipment
- Rigless subsea wireline services
- Deepwater wireline services
- Tubing/casing inspection
- Production logging services
